 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 02 - Create your club page

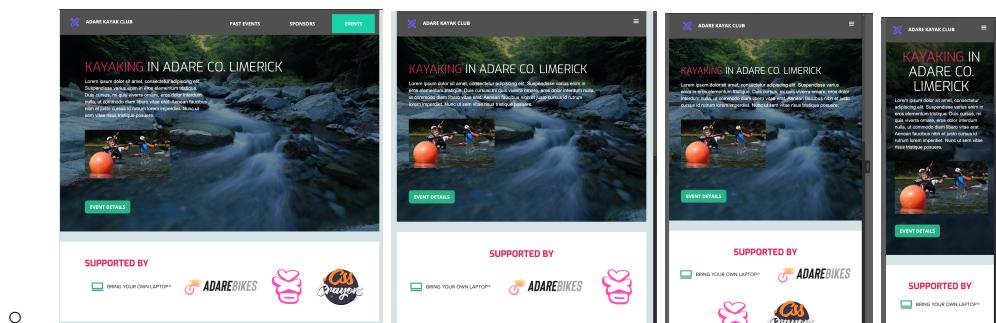

- Using your brief, get your club's website up to where we are in the course.
- Include the following functionality:
 - Your choice of colors, images & fonts.
 - 4 Sections: Nav, Hero, Sponsor, Next Event
 - Images
 - Background Image
 - Heading 1,2,3
 - Navigation
 - Button with hover class
 - Hyperlink linking to Google Maps or something else.
 - Anchor links (page slide navigation)
- Deliverables:
 - Take a screenshot of your previewed website & upload it to the Assignments/Projects/Comments section of this website.

- Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 03 - Grid & Responsive Website

- **Grid:** Add your past events grid to your site.
- **Responsive:** Make all of your elements (including the grid) look good on all 4 breakpoints.
- Deliverables:
 - Take a screenshot of your 4 breakpoints showing at least the hero and nav bar.
 - Upload them to the Assignments/Projects/Comments section of this website.

- Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

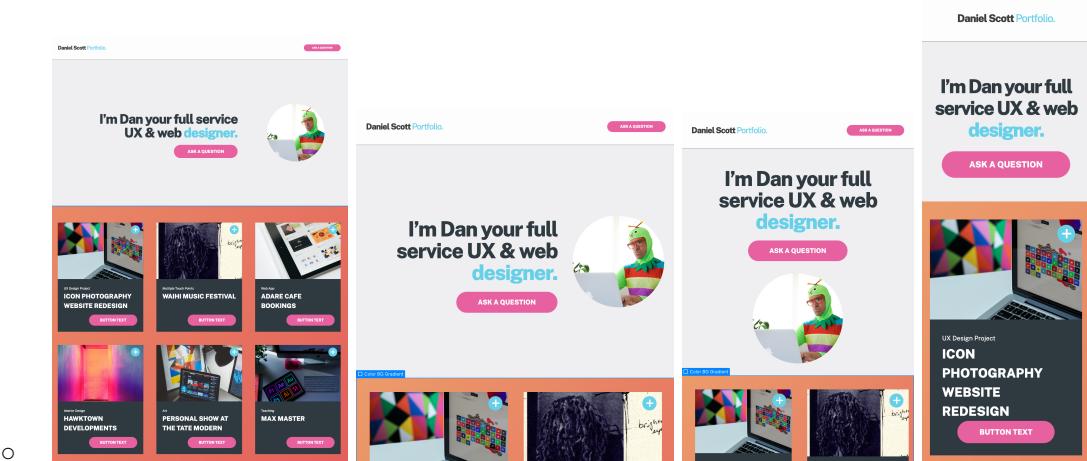

Class project 04 - Interactions

- Create 2+ interactions.
 - One for a button.
 - One as the page scrolls.
- Deliverables:
 - Record a video of your 2 interactions and upload a link in the Assignments/Projects/Comments section of this website.
 - Note: if you can't record a video - take a screenshot & upload it instead.

Class project 05 - Portfolio Homepage

- To get your portfolio, using your own name, colors & fonts to the level shown in the screenshot below.
- Make the website work on all the breakpoints (Desktop, Tablet & Mobile)
- Make sure to practice these ideas:
 - Global classes
 - Good naming conventions
 - Minimum heights
 - Maximum widths
 - Adding a Google font
 - Line height & letter spacing
 - Shadows
 - Global swatches
 - Gradient background (Optional)
 - Full width section or nav
 - Grid & Flex usage
- Requirements:
 - Nav
 - Logo/Name
 - Either a styled 'Text Block' or a logo you have designed in another software.
 - Button
 - Cheat: Put these inside a div first before flex boxing it.

- Hero box
 - Heading
 - Button
 - Image
- Thumbnails
 - Image
 - Skill label
 - Title
 - View Button - on the right.
 - Plus Button - Over image.
- Challenges
 - Headshot in a circle
- Deliverables:
 - Take a screenshot of your 4 breakpoints showing as much of the design as possible.
 - Upload them to the Assignments/Projects/Comments section of this website.

- Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 06 - Portfolio Complete

- You can use your own images, or images from Unsplash.com
- Finish 3 pages for your portfolio.
 - Homepage
 - Contact Page
 - 1 Portfolio details page.
- Requirements:
 - REMS for typography
 - Buttons to content pages

- Symbols for Nav, Card & Footer
 - Form on the contact page
 - One cropped image using CSS (object fit)
 - Favicon
 - Sticky Footer
 - At least one homepage animation
 - Share the staging link e.g. <https://dans-portfolio-72728.webflow.io>
 - Meta title & description on the homepage
 - Make sure all pages work on mobile
- Deliverables:
 - Take a screenshot of your 3 homepage pages showing as much of the design as possible.
 - Share the staging link as well
 - Upload them to the Assignments/Projects/Comments section of this website.
 - Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 07 - Kitchen Collection

- Add and style a collection.
- There is a CSV & Images in the Exercise Files > Blog > Living Room Collection/
- Requirements:
 - Add all the data.
 - Add the images to the list.
 - Make the URL a button.
- Deliverables:
 - Take a screenshot of your layout and upload them to the Assignments/Projects/Comments section of this website.
 - Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 08 - Blog CMS

- Redesign an existing blog.

- Requirements:
 - Create a blog collection
 - Homepage
 - Nav
 - Hero section
 - Summary Cards (Collection List)
 - These are to link to the main blog post.
 - Blog Page
 - Minimum 3 blog posts.
 - Remember:
 - Be clear that it's a re-interpretation of an existing blog and not your own.
 - Include the original author and a link to the article.
 - Project Settings > Publishing > SEO > Disable Indexing
 - Explore the Editor interface.
- Deliverables:
 - Take a screenshot of your homepage and blog page layout. Then upload them to the Assignments/Projects/Comments section of this website.
 - Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)

Class project 08 - Ecommerce

- Create at least one of the Scott Tea pages. All 3 if you are up for it.
- Use your own company/project.
- Requirements:
 - You must have 3 products with at least one variant.
 - The 'Cart' button.
 - The 'Add to Cart' button.
 - Must work on all breakpoints.
 - Customize your cart menu.
- Deliverables:
 - Take a screenshot of your page in all the different breakpoints.
 - Take a screenshot of your customized cart.
 - Then upload them to the Assignments/Projects/Comments section of this website.
 - Share this on social media as well.
 - Instagram: [@bringyourownlaptop](#)
 - Twitter: [@danlovesadobe](#)
 - Facebook group [here](#)
 - LinkedIn group [here](#)
